## Personal Statement

Computer Science student with a focus on UI/UX design and programming, eager to contribute to the tech industry.

---

## EDUCATION

**Beaconhouse National University, LAHORE**

October 2020 – June 2024

Bachelors of Computer Science

- **CGPA: 3.14**

**Lahore College For Women University (LCWU)**

2018-2020

ICS Physics

**The Punjab School (TPS)**

2016-2018

Matric (science)

---

## CERTIFICATION

User Experience Design, Coursera Certificate

Fall 2023

Learning outcomes:

- Wireframes
- Prototype low/high fidelity
- User roles
- User stories

---

## EXPERIENCE

Teaching Assistant (TA) of Intro to Info and Communication Technology (ICT) at Beaconhouse

Fall 2023

National University, Lahore

- Grading quizzes/assignments
- Conveying lectures

---

## PROJECTS

### ACADEMIC PROJECTS

- IT Course Project: Developed high and low-fidelity prototypes using Figma and Canva. for various applications. Spring 2023
- Storyboarding: Created interactive wireframes using Balsamiq to visualize user journeys and design flows. Spring 2023
- Graphic Design: Designed A4-sized fliers for demo days using Canva, incorporating user-centric design elements. Spring 2023

### EXTRACURRICULAR ACTIVITIES

- Participated in Poster Competition (ICECE 2024) Spring 2024
- Participated in Software Project Competition (softec) Spring 2024

### TECHNICAL KNOWLEDGE AND SKILLS

- UI/UX Design: Figma, Canva, Balsamiq
  - Prototyping: High and low-fidelity prototypes
  - Graphic Design: Poster design, A4-sized fliers
-

- Programming languages: C++, JavaScript, HTML, CSS, Java
- Development Environments: VS Code, Sublime Text
